

# COMMUNICATION FOR DISCIPLE CENTRAL COMMUNITY CHURCH WEBSITE AND DC3 APP

As the Disciple Central Community Church closely monitors the progress of COVID-19 (Coronavirus) throughout our nation and region, we are taking steps to prepare for any potential impact. We are praying for those who may be affected by the virus and for God's protection over us all. Please partner with us in this prayer as well as in taking practical measures to mitigate the spread of the virus.

**Updated: Thursday, March 12, 2020 at 5 p.m.**

Prayer Line- Call 712-432-3900. Access code 918055

- No weekly meetings at church
  - Offline Meetings
- NOTHING HELD AT CHURCH

### **Level 1: NORMAL OPERATIONS**

- Regular Services (8am and 10:30am)

Stay in communication with congregation

## WHAT WE'RE DOING

The safety of our members, staff and visitors is our utmost concern. We are taking the following precautions at DC3 facilities:

- **Providing hand sanitizer.** We have hand sanitizer available at all building entrances. We also have available throughout our buildings' common areas as well as our classrooms and meeting spaces. Please use them when you are unable to wash your hands.
- **Disinfecting our buildings.** The surfaces within DC3's facilities, including our meeting rooms and classrooms, are cleaned and disinfected daily. For public gatherings such as Bible study and our Sunday worship services, all surfaces are cleaned both before and after the event.

## WHAT YOU CAN DO

There are simple measures you can take to protect yourself and help us reduce the spread of Coronavirus in our community.

### **At church:**

- Practice fist and elbow bumps instead of hugging or shaking hands.
- Take advantage of our church sanitizing stations, particularly after sneezing, coughing and touching regularly used surfaces. We encourage members and guests to bring their own hand sanitizers as well.
- Wash your hands often, particularly after using the restroom.

### **If you feel sick or are caring for someone who is sick:**

- Stay home unless you are seeking medical treatment.
- Limit your participation in community activities. Many of our services, fellowships and events have streaming options on our [website](#) and on [Facebook Live](#).
- Plan to call into ministry meetings instead of attending them in person.
- Dispose of used tissues right away.

### **In general:**

- Avoid touching your eyes, nose, mouth and others with unwashed hands.
- Thoroughly wash your hands with soap and water as often as you can. Scrub your hands for at least 20 seconds.
- If you are not near a sink, use hand sanitizer. Sanitize all of the skin on your hands and rub them together until they feel dry. Refrain from shaking your hands to dry them.

- Engage in respiratory etiquette by coughing and sneezing into the bend of your elbow.
- Sanitize freshly touched surfaces in your home, school or office daily.
- Avoid coming in close contact with those who appear unwell.

**Educate yourself:**

- Learn the additional measures that high risk, vulnerable individuals should take.
- Stay up on current events.
